# New Age Education...

Here at Teach Rex, we pride ourselves on giving children the chance to experience something truly magnificent.

Get up close and personal with our life-like dinosaurs and let Teach Rex take you on an immersive, prehistoric journey into the anatomy of the most amazing creatures that have ever roamed our planet.

Our interactive, theatrical shows have been developed by a team of educational experts and plunge audiences into an awe-inspiring Jurassic world. We create a whole new learning experience and perform a magical show for the entire family.

Our unique and exciting production has been a huge hit in schools and withing organisations around the UK and we have proudly adapted our offering to suit theatres, event spaces and private hires.

Here at Teach Rex, we love to work with innovative and forward-thinking venues who are looking to provide new experiences and expand their family-friendly show offering.

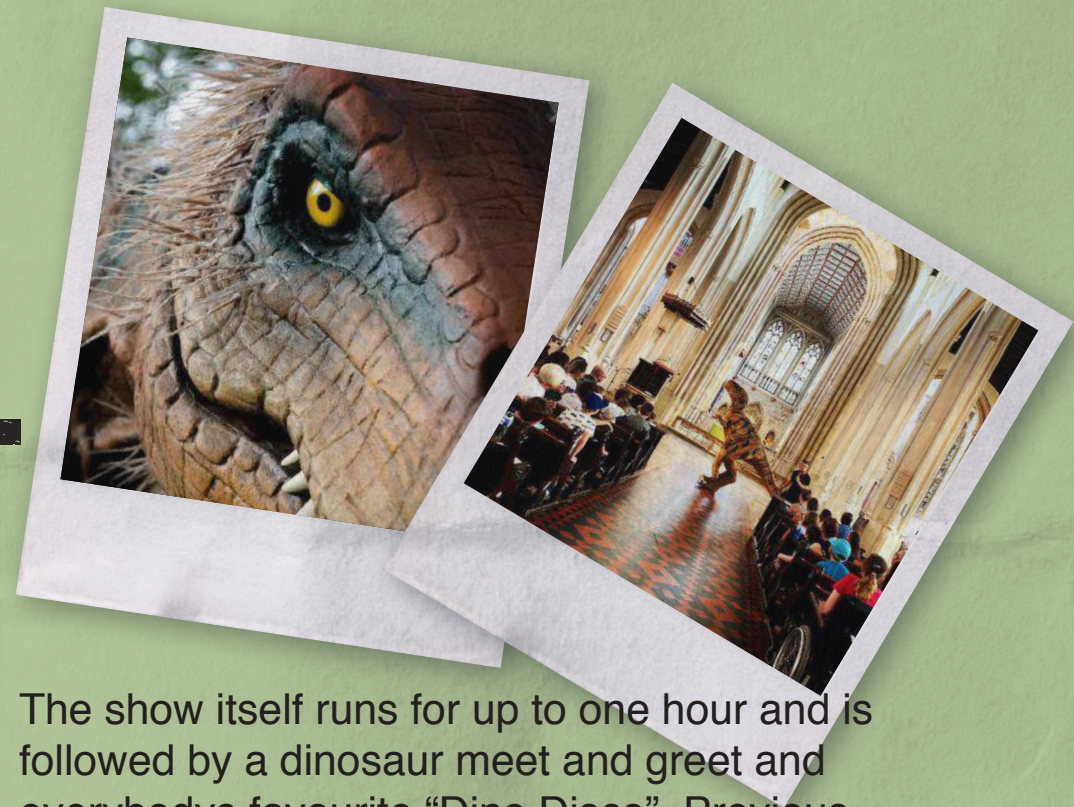

# TeachRex & Your Venue...

Teach Rex are here to deliver a high-quality production that works for everybody.

We are extremely passionate about what we do and pride ourselves on the venues who choose to host our shows and work along side us.

From the intimate to the grand, we aim to work with an array of spaces across the UK and with our dedicated team, will market and promote our own event but do ask venues to get on board when spreading the word and sharing our event on social platforms and websites.

The show itself runs for up to one hour and is followed by a dinosaur meet and greet and everybody's favourite "Dino Disco". Previous events have seen Teach Rex perform multiple shows in one day to cater for more guests with an hour in between each performance for crowd management and a room reset. All showtimes will be put forward to venues for sign off.

# Meet The Team.

AND PLANETARIUM**

"A great energetic and interactive learning experience for the kids!"

"This is the best workshop and assembly presentation that I've seen in 20 years of teaching"

"Entertaining, interesting, educational, inspiring...  
Just a brilliant family experience!"

"Sam and Joe were wonderful to work with, and I have had the most amazing feedback from the guests attending the event."

"Very family-friendly, educational and most importantly FUN!  
You will not be disappointed!"

"Abigail said to myself and her Nanny that 'It was the best day ever'... says it all really doesn't it!"
